

BRITE GARD Stainless Steel Cleaner/Protectant

Brite Gard™ Stainless Steel Cleaner/Protectant has been specially formulated to clean, shine and protect your stainless steel equipment. With proper care, your professional stainless steel appliances and fixtures will last a lifetime and look as good as the day you purchased them.

Many of today's industrial cleaners contain abrasive or corrosive substances that may permanently damage your investment. This micro-thin oil-based layer seals the surface from airborne environmental elements while virtually eliminating everyday fingerprints and smudges.

Finally, with **Brite Gard**, there is a safe and easy way to keep your stainless steel equipment looking their best all year without harming the environment.

Model No. Q85-2128
